Allowance

1. Claims 19-27 are allowed.
2. The following is an examiner's statement of reasons for allowance: The prior art of record fails to teach a nonwoven web having elastic properties in the cross-machine direction wherein the anisotropic precursor web consists essentially of materials recited in claim 19 and created by the process of claim 19. The claims are found to be patentably distinct from the web of 5,244,482 based on the evidence submitted in the Ward declaration, which shows unexpected critical results from using a strain rate below 8.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
